

INNOVATIVE

Healthcare Community

Within this dynamic healthcare hub, one can unite with like-minded innovators, cultivate collaboration and find new health solutions.

Het Slotervaart connects working, learning and healthcare

You become part of a community together with many healthcare providers

For professionals in healthcare

Community app to connect together

WELCOME TO

Het Slotervaart

Het Slotervaart is the place for professional healthcare and communal organisations. It accommodates more than 30 professional organisations. Het Slotervaart is part of a medical Hub within the vibrant urban district 'De Plantijn' in Amsterdam. This makes it a very attractive business climate for medical-related companies.

The place for healthcare, social and innovative organizations.

30+

Over thirty different healthcare professionals and organizations come together in one place.

C&C

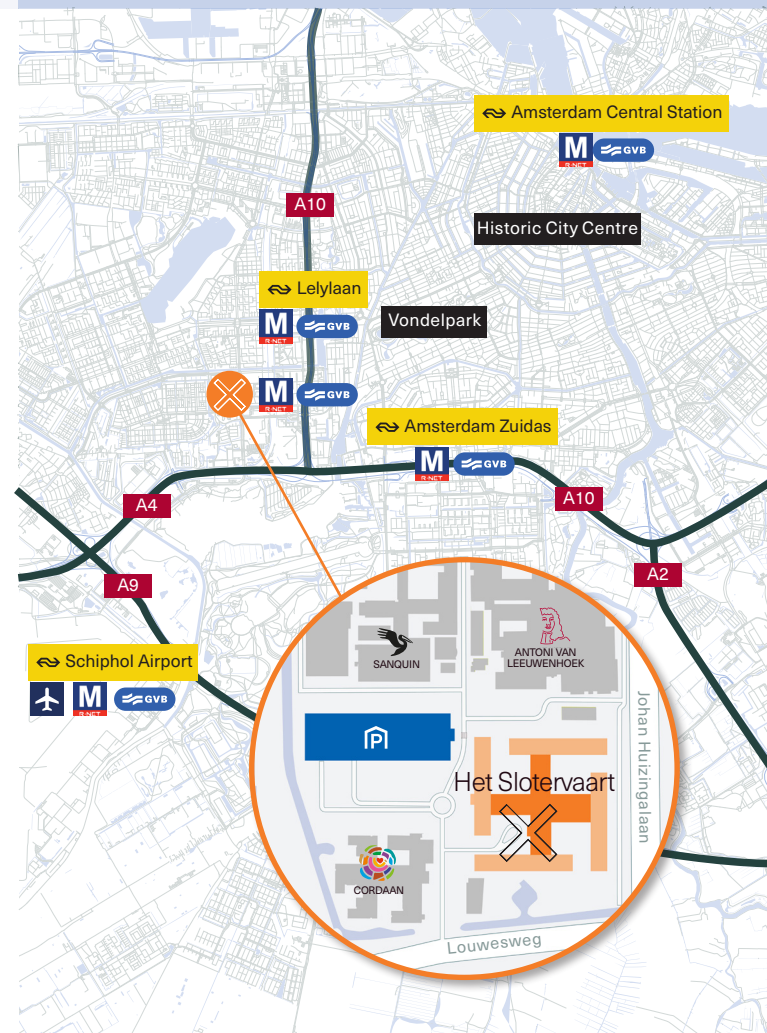

An excellent location for CURE and CARE-related healthcare and innovative organizations.
